

Schlumberger Corporation

August 17, 2011

12:00 Noon Sharp

At Bozeman Job Service

STARTING SALARIES ARE APPROXIMATELY TWICE THE AVERAGE SALARIES OF IDAHO WORKERS!

The Schlumberger Corporation is one of the largest companies in the United States (104,000 employees). We need to employ 30 field operators, 6 diesel mechanics and 6 electronic technicians in Williston North Dakota and Worland Wyoming; will work 15 days on and 6 days off with pay (well above average pay). Applicants can move to North Dakota (company paid) or remain in Idaho with air transportation provided by the company to Williston, driving to work and back in Worland getting paid 51 cents a mile driving. We are also looking for 12 individuals to work for Coil Tubing in Rock Springs WY or Williston ND, Class A CDL required. All Positions offer excellent benefits, career opportunities, and growth potential. Few U.S. companies can match the salaries, benefits, and long term opportunities offered by Schlumberger.

Applicants must have above average skills in construction, farming, military, or other advanced mechanical skills and have a good work record with no felonies for 10 years or DUI's in the past 3 years, high school diploma or GED and good driving record. A felony history will not automatically eliminate you from the hiring pool.

Plan to attend the Bozeman Job Fair on August 17th 2011 at Bozeman Job Service, 121 North Willson Ave. You must be here promptly at 12:00 noon.

I look forward to meeting you on the above dates and please no pre appointments need. Please bring a copy of your resume and driving record. Please wear best pair of Levis, long shelved button down shirt and work boot to interview.

Ronald Liechty Rocky Mountain Recruiting.
